ANESTHESIOLOGIST

QUALIFICATIONS PROFILE

Patient-focused, dedicated, and tenacious medical professional, with extensive clinical and non-clinical experience in anesthesiology, which includes general, neurology, cardiac, pediatric, ambulatory, and obstetrical anesthesia.

Excellent skills in developing and implementing a multimodal anesthetic plan for anxiolysis, anesthesia, analgesia, and rapid discharge to ensure high patient and surgeon satisfaction. Competency in performing clinical research and hands-on medical and clinical procedures. Exceptional people skills, along with demonstrated ability to communicate well with all levels of professionals. Effectiveness in multitasking within a competitive, high-impact, and fast-paced environment while juggling multiple priorities simultaneously.

CAREER OVERVIEW

- Outstanding knowledge of ultrasound and nerve stimulation technique, including ISB, supra- and infra-clavicular, axillary, femoral, popliteal, sciatic, ankle, peri-bulbar eye, TAP, and rectus sheath; along with single shot or continuous catheter placement.
- Took charge of conducting an approximate 200 blocks per month.
- Successfully completed anesthesiology training and worked into a hospital-based anesthesia practice for 12 years
- Displayed exceptional knowledge in ambulatory anesthesia and performed excellent management of various surgical procedures.
- Demonstrated strong work ethic and expertise in motivating other members of the patient care team.
- Cultivated and established patient rapport and implemented a multimodal anesthetic plan that enabled anxiolysis, anesthesia, analgesia, and rapid discharge from the facility while ensuring high patient and surgeon satisfaction.
- Rendered outstanding patient care with current evidence-based practice parameters.
- Expertly provided exceptional anesthesia services at William Beaumont Health Care System in Royal Oak, Troy, and West Bloomfield Township, Michigan.
