RESEARCH ASSOCIATE

Focus of Interest: Medical | Healthcare

QUALIFICATIONS PROFILE

Goal-focused and detail-oriented professional with solid knowledge of public health including its methodologies and techniques; complemented with expertise in healthcare research, communication, and service delivery. Known for proven capability of conducting data gathering, extraction, and analysis toward the development of comprehensive scientific documentations and presentations. Armed with in-depth understanding of clinical terminologies, coupled with effectiveness in utilizing advance technology tools and processes. Expert at formulating and implementing strategic plans to align work processes with organizational or project goals. Able to collaborate well with all professional levels utilizing articulate communication and interpersonal skills; multilingual in English, Hindi, and Marathi.

AREAS OF EXPERTISE

Research and Analysis | Analytic Framework Development | Statistical Analysis | Literature Review and Analysis
Report Generation and Documentation | Regulatory Compliance | Project Management

EDUCATION

MASTER OF PUBLIC HEALTH, MAJOR IN GLOBAL HEALTH, GPA: 3.88: 2010

Tufts University School of Medicine, Boston, MA, USA

Delta Omega Honorary Society in Public Health, Boston, MA: 2010

BACHELOR OF DENTAL SURGERY AND ROTARY INTERNSHIP: 2004

Maharashtra University of Health Sciences, Nashik, India

National Level Athlete

RELEVANT EXPERIENCE

RESUMEDS – LOS ANGELES, CA, USA

RESEARCH ASSOCIATE I

2011–2012

INSTITUTE FOR CLINICAL RESEARCH AND HEALTH POLICY STUDIES | CENTER FOR CLINICAL EVIDENCE SYNTHESIS

- Conducted various research, including the comparison of various intravascular diagnostic approaches on patients with cardiovascular diseases; genetic and phenotypic testing for antiplatelet treatment, critical appraisal of medical devices; and laboratory biomarkers in dialysis/non-dialysis patients with chronic kidney disease and iron-deficiency anemia
- Extracted data for inclusion-exclusion criteria development, study design, methodology/test comparison, outcomes, and treatments
- Created and revised reports based on literature search to consolidate populations, interventions, comparators, and settings of interest
- Formulated analytical frameworks based on key topics of the review for all designated projects
- Produced systematic evaluations of biomedical abstracts and articles in compliance with Comparative Effectiveness Review (CER) inclusion criteria
- Performed research on the selection of key informants, technical expert panel members, and peer reviewers with consideration on conflicts of interest and balance of opinions
- Calculated net change and estimated confidence intervals and p values to support research analysis initiatives
- Developed scientific information packets (SIPs) for research projects on companies and manufactured devices
- Seamlessly authored and revised final Evidence-based Practice Center (EPC) reports prior to submission to Agency for Healthcare Research and Quality (AHRQ)

RESUMEDS – LOS ANGELES, CA, USA

STUDENT RESEARCHER – HAITI

2010

SALT FLUORIDATION PROGRAM

- Meticulously examined the benefits and drawbacks of various strategic implementations of the fluoridation program in support of promoting long-term dental health
- Presided over promotional events, project planning, and designing initiatives
- Established objectives using project management resources, Gantt charts, and allocation calculations
- Devised a budget plan based from staffing, logistics, and various program expense requirements
- Interfaced with the president of the Institute of Human and Community Development of Haiti to discuss project goals
- Deliberated with the dean of Tufts School of Dental Medicine of Boston and Haitian delegates to negotiate and secure financial support for the program
- Facilitated presentations at Brown University, Rhode Island to inform the community regarding the project
- **Drastically minimized program cost by 30% by formulating innovative strategies to mobilize the community, collaborate with local units, and facilitate changes with the policy**

TEACHING ASSISTANT IN HEALTH COMMUNICATION

2010

DEPARTMENT OF PUBLIC HEALTH

- Performed thorough journal research using various medical databases in developing elaborate course content for faculty
- Facilitated students' training in creating effective request for proposal (RFP) relating to grant request for various programs
- Keenly reviewed and evaluated students' research papers, presentations, and assignments

OTHER EXPERIENCE

RESUMEDS – LOS ANGELES, CA, USA

PRIVATE CLINIC MANAGER/DENTIST

2005–2008

RESUMEDS – LOS ANGELES, CA, USA

MEMBER ACCOUNTS MANAGER

2005–2008

RESUMEDS – LOS ANGELES, CA, USA

HEALTH EDUCATOR

2005

RESUMEDS – LOS ANGELES, CA, USA

PROGRAM SPECIALIST

2003–2004

CERTIFICATIONS

Collaborative Institutional Training Initiative (CITI) Certification: 2010

Incident Command System (ICS-100) Certification – Federal Emergency Management Agency (FEMA): 2010

PROFESSIONAL AFFILIATIONS

Indian Dental Association

Maharashtra State Dental Council – Mumbai

RESUMEDS
